What is SWE?

- The Society of Women Engineers (SWE) is a national organization with about 35,000 members in nearly 400 sections.
- Encourage women in the STEM fields to succeed academically & professionally by providing them with the right resources and opportunities!
- Continue to grow as a team in supporting women's advancement as successful engineers and leaders of the world!

SWE Annual Collegiate Membership is \$20, and some benefits include:

- Eligibility for scholarships.
- SWE Career Center for internship and full-time career planning.
- Networking opportunities with companies, practicing engineers and collegiates.
- Support system of peer groups, mentors, advisors and industry leaders.
- SWE Annual and Regional Conferences and professional development seminars.

What to expect for SWE-SCC Events:

- Social events such as robotics competitions, industry talks, science field trips, fun experiments and projects.
- Networking events with companies and organizations such as GE, Boeing, Medtronic, Google, JPL/NASA, Northrop Grumman, Toyota, Chevron and more!
